Index to volumes 1-22  
and  
Separate Reports  
1-5

**Table of Contents****Volume 1**

1. Microenvironmental modifications to favor seed germination in distributed sub-alpine environments, Mount Rainier National Park, Washington. Ahlstrand, Gary M.
2. Some effects of snowmobiles in the High Cascades. Bowerman, Jay
3. Glacial geology of the Mountain Lake Wilderness and adjacent parts of the Cascade Range, Oregon. Craver, Gary Alan
4. A pilot biological survey of the Sky Lakes Wilderness study area. Cross, Stephen P and Lang, Frank A.
5. High mountain hummingbird feeding territories in relation to food supplies. Gass, Lee
6. A limnological study of Shadow Lake, a subalpine lake at Mount Rainier National Park, Washington. Hall, Timothy
7. Input of terrestrial insects into a subalpine lake in the Cascade Mountains, Oregon. Ho, Leighton
8. Summit firn cave study, Mount Rainier, Washington. Kiver, Eugene P.
9. Geothermal ice caves, Mount Baker, Washington. Kiver, Eugene P. and Steele, William K.
10. Geothermal ice cave and fumarole study, Mounts Baker and Rainier, 1975. Kiver, Eugene P. and Steele, William K.

**Volume 2**

1. A new model for the formation of Crater Lake caldera, Oregon. Lindstrom, John Walter, Jr.
2. Aspects of population structure and growth in the Pacific Giant Salamander, *Dicamptoden ensatus* in clearcut and forested sections of a stream. Marangio, Michael S.
3. Subalpine cover ecology of *Eutamias amoenus*, *Eutamias townsendii* and other small mammals in Huckleberry Park, Mount Rainier National Park. Meredith, Don
4. Geological history of the Matterhorn – Sacajewea Peak area, Eagle Cap Wilderness area, Oregon. Neal, Ken
5. Distribution, behavior and habitat of the Black Rosy Finch on National Forest land. Rich, Terrell D.G.
6. The culminating eruption of Mt. Mazama. Ritchey, Joseph L.
7. A geochemical reconnaissance investigation of Mount Baker andesites. Stavert, Larry
8. The behavior and ecology of the pika (*Ochotona principis lemhi*). True, Thomas Jesse
9. Atmospheric assay for polychlorinated biphenyls & DDT during Douglas-fir Tussock Moth pest management. Lyon, John D.; Williams, Dave.

**Volume 3**

1. A study of the primary productivity rate of South Cascade Glacier: correlation with ice worm populations. Bland, Jeffrey and Wilson, Kathy
2. Environment of tundra vegetation of Steen's Mountain. Collins, Paul
3. The effect of an outdoor experience on self attitudes and behavior of mentally retarded adults. Fullerton, Ann
4. Geology of the Bull of the Woods area. Jackson, James S.
5. Investigation of the geology structure of Northwest Oregon by the interpretations of a gravity traverse southwest of Portland, Oregon, 1977. Jones, Terry
6. Attitude change related to a course in backpacking at the University of Montana. Long, Eleanor V. 1974
7. Preliminary report of the 1976 Awlinsky Peaks expedition. Lyon, John G.
8. Plant communities of the Steens Mountain subalpine grasslands and their relationships to certain environmental elements. Mairs, John W.
9. The occurrence of neotomic rough-skinned newts (*Taricha granulose*) in montane lakes of Southern Oregon. Marangio, Michael S.
10. The dilemma on Burley Mountain. O'Connor, David E.
11. Ecology of over-wintering pikas (*Ochotona princeps*) studies by radiotelemetry. Osgood, David W.
12. The geology of the Strawberry Volcanics, Northeast Oregon, Roblyn, T.L.
13. The status of the mountain goat on Barometer Mountain, Mt. Baker National Forest, Washington. Wright, Will.

**Volume 4**

1. Analysis of visitor awareness of avalanche danger at three areas – Mt. Hood, Oregon. Conche, Steven W. – 1978.
2. The breeding population of Eagle Lake, California. Lederer, Roger J.
3. An ecological study of the effects of recreation on the subalpine communities of Jefferson Park, Mount Jefferson Wilderness. Schaaf, Dick Vander.
4. Government response to Mount St. Helens eruptions, May 18, 1980, Washington. Rystrom, Kenneth.
5. Alluvial fans of Southeastern Idaho. Clayton, Janie
6. An ecological study of the effects of recreation and tree growth in Jefferson Park, Mt. Jefferson Wilderness, Oregon. Schaaf, Dick Vander – 1980.

7. Holocene glacier fluctuations on Mount Rainier, research summary. Burbank, Douglas W. – 1978 Grant – 1981
8. An ecological study of the effects of recreation on the subalpine communities of Jefferson Park, Mount Jefferson Wilderness. Schaaf, Dick Vander. – 1978 Grant – 1979.
9. The chronology, geomorphology, and the climate of Collier Glacier with special reference to the ablation process. Mountain, Keith R. – 1977 Grant – 1978

#### Volume 5

1. The climber impact problem in Grand Teton National Park. Harrington, Rudy and Miles, John C. – 1981
2. Geomorphology of selected alluvial fans of Southeastern Idaho. Clayton, Janie
3. A chronology of late Holocene glacier fluctuations on Mount Rainier, Washington. Burbank, Douglas W. – 1981.
4. Ferns (bogs) of the Oregon Cascades. Christy, John A. – 1981.
5. Dragonflies of Washington's North Cascades. Booth, Steven R. – 1981.
6. Geophysical and geochemical analysis of selected Miocene coastal basalt features, Clatsop County, Oregon. Pfaff, Virginia Josette – 1981.

#### Volume 6

1. High glacier lakes of the Three Sisters and Broken Top. Sorensen, Lars D. and Groesch, Michael A. - 1982
2. Geology of the Green Mountains, Oregon. Woodford, Riley - 1982
3. The ecological effects of recreation use on Subalpine meadow plant communities in Jefferson Park, Mt. Jefferson Wilderness, Oregon. Schaff, Dick Vander - 1982
4. Food selection and juvenile survival in Nuttall's Cottontails in Central Oregon. Hundertmark, Kris Joseph - 1982
5. A geochemical study of Rhododendron and Dalles formations in the area of Mt. Hood, Oregon. Gannett, Marshall W. - 1982
6. New tree-ring dates for recent eruptions on Mount St. Helens, Washington. Yamaguchi, David K.
7. Glaciers in the Olympic Mountains, Washington: present distribution and recent variations. Spicer, Richard C. - 1982 Grant - 1986
8. The geology of Green Mountain: research project. Woodford, Riley. - 1982

#### Volume 7

1. A survey of the phytoplankton in selected high-altitude lakes in the Oregon Cascades. Sweet, James W. - 1983.
2. Paleolimnology of Bull Run Lake: stability and disruption in a natural system, Oregon. Raymond, Richard R. - 1983.
3. The Tatoosh volcanic-plutonic province, Mount Rainier National Park. Thompson, Keith Richard.
4. Collier Glacier: a rethink of its history and comments on its climatic status since 1975, Oregon. Mountain, Keith Richard.
5. Two new North American sphagnum species in section Subsecunda. Andrus, Richard E. - 1983
6. Environment and distribution of rock glaciers in the Olympic Mountains, Washington. Nebert, Douglas D. - 1984
7. *Sylvilagus nuttallii*: a semiarborescent lagomorph. Verts, B.J., Gelman, Steven D., Hundertmark, Kris J.
8. Mapping the boundaries of forests killed by past eruptions of Mount St. Helens: a progress report, Yamaguchi, David K.

#### Volume 8

1. Collier Glacier: a rethink of its history and comments on its climatic status since 1975, Oregon. Mountain, Keith Richard. - 1983 Grant - 1985
2. Survey of the vascular plants on Miller Island, Klickitat County, Washington. Jolley, Russ. - 1983 Grant - 1984.
3. The structure and petrology of the Slesse Peak area, Chilliwack Mountains, British Columbia, Canada. Jewett, Peter D. - 1983 Grant - 1985
4. The ecology of lupines in Crater Lake National Park, Oregon. Kerle, Elizabeth A. - 1984 Grant - 1985.
5. The Late-Quaternary history of the genus *Picea* in Western North America: I. Identification of fossil pollen grains. Brady, Timothy J. - 1984 Grant - 1985.
6. Larch Mountain salamander status. Herrington, Robert E. - 1984 Grant - 1985.
7. Preliminary report on the geology of the Mt. Jefferson 7 ½ minute quadrangle. Conrey, Richard - 1984.
8. Habitat requirements of the Cour d'Alene Salamander *Plethodon vandykei idahoensis*. Wilson, Albert - 1985
9. Technique development for the mapping of mountain goat habitat in Washington. Fox, Joseph L. - 1985
10. Archaeometric project, Salmon River Mountains. Hackenberger, Steven - 1985

11. Stratigraphic and hydrothermal alteration of the Central North Santiam mining area, Western Cascades, Oregon: preliminary report. Thompson, Gordon - 1985

#### Volume 9

1. The population ecology of the intertidal alga *Colium Setchellii*. Trowbridge, Cynthia - 1987
2. Progress report on the Fifes Peaks, Washington, an early Cenozoic volcano in the Cascade Range. Hammond, Paul E. - Grant 1988 - 1989
3. Diffuse knapweed control on Tom McCall Preserve and Mayer State Park. Youtie, Berta and Soll, Jonathan. - 1989.
4. A survey of native grassland remnants in the Mid-Willamette Valley, Oregon. Alverson, Edward R. - 1988 Grant - 1989.
5. U.S. mountaineering libraries, a survey. Seiser, Virginia and Lockerby, Robert.

#### Volume 10

1. Quaternary stratigraphy and late Holocene faulting along the base of the eastern escarpment of Steens Mountain, Southeastern Oregon. Hemphill-Haley, Mark A. - 1984 Grant - 1987.
2. Paleoenvironment of the Eocene/Oligocene Hancock Mammal Quarry, Upper Clarno Formation, Oregon. Pratt, Jennifer Adams - 1988
3. Holocene fluctuations of the Coe Glacier, Mount Hood. Lilliquist, Karl D. - 1988.

#### Volume 11

1. Central Oregon fossil leaves, their implications about paleoclimate and the growth of the central portion of the Oregon High Cascade Mountains. Ashwill, Melvin S. - 1990.
2. Forest structure of the Siouxon Burn, Southern Washington Cascades: comparison of single and multiple burns. Grey, Andrew - 1990.
3. Assessment of DNA fingerprinting for studies of small mammal populations. Cummings, Shawn A.
4. Geology and petrology of the Mt. Jefferson Area, High Cascade Range, Oregon. Conrey, Richard Michael.

#### Volume 12

1. Shades of grey: lithic variation in pseudobasaltic debitage. Bakewell, Edward F. - 1991
2. Species replacement during early secondary succession: the abrupt decline of a winter annual. Halpern, Charles B., Antos, Joseph A., Geyer, Melora A., Olson, Annette M. - 1991 Grant, 1997

3. Population of Howell's Mariposa Lily (*Calochortus howellii*), a rare serpentine endemic to the Siskiyou Mountains (summary). Fredericks, Nancy A. - 1988.
4. Radon gas occurrence and distribution in selected caves in Washington. Buchanan, John P. - 1991.
5. The dynamic response of glacier termini to climatic variation during the period 1940-1990 on Mount Baker, Washington. Harper, Joel T. - 1991 Grant - 1992.
6. Behavior, ecology and conservation of mountain lions in fragmented habitat. Laundre, John W., Sellers, Mike, Clark, Tim, Streubel, Donald P. - 1991
7. Ecology of *Cordyadalis aquae-gerlidae*, a rare riparian plant. Goldenberg, Donald M. - 1992
8. The effects of a modern forest fire on avian community structure. Stone, Eric - 1991 Grant, 1992.
9. The sociality of pinon jays with and without pinon pine (summary). Brody, Allison J. 1991 Grant, 1993
10. Photogrammetric analysis of 1984-1989 surface altitude change of the partially debris covering the Eliot Glacier, Mount Hood, Oregon. Lundstrom, S.C., McCafferty, A.E., Coe, J.A. - 1988 Grant, 1993.
11. Equations for predicting above-ground biomass of plant species in early succession forests on the western Cascade Range, Oregon. Halpern, Charles B., Miller, Eric A., Geyer, Merora A. - 1991 Grant, 1996

#### Volume 13

1. The effects of dredging on the vegetative complex and mesozobenthos of a small agricultural pond. Peck, JerriLynn E. -1991 Grant - 1993
2. Conserving through propagation, the threatened Pacific Dogwood of Idaho. Easton, John L., Wenny, David L, Tripepe, Robert. - 1991 Grant - 1993
3. Relationships of green-tree retention following timber harvest to forest growth and species composition in the western Cascade Mountains, Rose, Coulter R. - 1993 Grant - 1995
4. Microsatellite characteristics and population structure for two anurans (*Rana Luteiventris* and *Hyla Regilla*). Call, Douglas - 1993 Grant - 1997
5. The dynamics of forest-meadow ecotones in the Three Sisters Wilderness, Oregon: variations across environmental gradients. Miller, Eric A. - 1993 Grant, 1998
6. Effects of environmental and grazing disruption on tree establishment in meadows of the Central

Cascade Range, Oregon. Miller, Eric A.; Halpern, Charles B.

7. Functional influences of Cryptobiotic surface crusts in alpine tundra basin of the Olympic Mountains, Washington. (preliminary data). Gold, Warren G.; Glew, Katherine A.; Dickson, Leal G. - 1995 Grant - 1996.
8. Analysis of Goshawk nesting habitat at five spatial scales in undisturbed and timber harvest territories on the Targhee National Forest. Palta, Susan M.; Trost, C.H. - 1992 Grant - 1997

#### Volume 14

1. Changes in the mass of Collier Glacier, Oregon, 1910-1994. McDonald, Gregory D. - 1993 Grant - 1995
2. Correlation of the upper Ellensburg formation with old Scab Mountain eruptive center east-central Cascade Range, Washington. Humphrey, Christopher Charles - 1996
3. Glacier advances at the Pleistocene/Holocene transition near Mount Rainier Volcano, Cascade Range. Heine, Jan Tillman - 1998

#### Volume 15

1. Ecology and conservation of heather in Mount Rainier National Park. Rochfort, Regina Maria - 1995
2. Temporal and spatial distribution of trees in Subalpine meadows of Mount Rainier National Park, Washington. Rochfort, Regina Marie; Peterson, David L. - 1996
3. Rocks, range, renfrew: using distance-decay effects to study late pre-Mazama period obsidian acquisition and mobility in Oregon and Washington. Hess, Sean C. - 1997
4. Amphibian ecology of mountain lake habitats in northeast Washington (progress report). Aker, Liana M. - 1998
5. (Bumblebee community structure) Progress report. Brooks, Melissa - 1998
6. Bumblebee community structure in montane meadows of Marble Mountain Wilderness area, Siskiyou Co., California. Brooks, Melissa - 1998
7. Effects of environment and grazing disturbance on tree establishment in meadows of the central Cascade Range, Oregon. Miller, Eric A.; Halpern, Charles B. - 1998
8. When snags are scarce: saving birds using nest boxes. Progress report. Corkran, Charlotte C. - 1998
9. Sedimentary and geomorphologic evolution of a portion of the North Fork Toutle River, Mount St. Helens National Volcanic Monument, Washington. Bart, Michelle Linne. - 1999

#### Volume 16

1. When snags are scarce: saving birds using nest boxes. Progress report. Corkran, Charlotte C. - 1999
2. Puma (*Puma concolor*) dispersal. Effective population size and long term conservation in the Great Basin, USA. Laundre, John W.; Lopez Gonzalez, Carlos; Altendorf, Kelly B.; Struebel, Donald P. - 1999
3. The symbiotic fungi needed for tree establishment, survival and growth in Subalpine to treeline habitats in the North Cascades. Trappe, James M.; Jumpponen, Ari; Cazares, Efrén. - 1999
4. Public participation in resource management decision-making: a cross-cultural study. Aptekar, Bryan. - 2000
5. Prescribed fire as a management tool for restoring mountain meadow in the central Cascade Range, Oregon: a progress report. Halpern, Charles B. - 2000
6. Five centuries of structural development in an old-growth Douglas-Fir stand in the Pacific Northwest: a reconstruction from tree-ring records. Winter, Linda Ellen. - 2000
7. Wolves, elk and bison: reestablishing the "landscape of fear" in Yellowstone National Park. Laundre, John W.; Hernandez, Lucina; Altendorf, Kelly B. - 2001
8. Initial conservation assessment and effects of rock climbing on *Silene seelyi*, a rare Washington endemic. Malkin, Devin R. - 2001
9. Genetic and morphologic variation in *Phyllodoce empetriformis* and *Phyllodoce glandulifera* (Ericaceae) in Mount Rainier National Park, Washington. Rochfort, Regina M.; Peterson, David L. - 2001
10. A comparative analysis of the ecology and physiology of the Flammulated Owl (*Otus flammeolous*) and Northern Saw-whet Owl (*Aegolius acadicus*) during fall migration. Hamilton, Sarah L. - 2002.

#### Volume 17

1. Changes in glaciers on Glacier Peak in the last 100 year. Pelto, Mauri S. - 2000
2. Solitude, silence and "The Freedom to Ride": real and perceived conflicts in winter recreation at Mount St. Helens. Gilden, Jennifer - 2001
3. Quantified loaded column stability test: mechanics, procedure, sample-size selection and trials. Landry, Christopher C.; Borkowski, John J.; Brown, Robert L. - 2001
4. Spatial variations in snow stability on uniform slopes: implications for extrapolation to surrounding terrain. Landry, Christopher Cameron - 2002

5. Colonization limitation during primary succession on the foreland of the Coleman Glacier. Jones, Chad Charles. - 2003
6. The role of the supra-glacial debris on the melting of Eliot Glacier, Mt. Hood. Schlichting, Robert; Fountain, Andrew - 2003
7. Plant species responses to anthropogenic forest edges in the southern Olympic Peninsula, Washington, USA. Falk, Donald A. - 2004
8. Historic glacier and climate fluctuations at Mount Hood, Oregon. Lillquist, Karl. - 2004  
Includes the following CD's:
  1. Mount Hood - General I - General ground photos, vertical airphotos, and 1994 digital orthophoto quadrangles.
  2. Mt. Hood - General II - 2000 digital orthophoto quadrangles.
  3. Mt. Hood - Coe Glacier - Ground photos, vertical airphotos, oblique airphotos, and GIS data.
  4. Mt. Hood - Eliot Glacier - Ground photos, vertical airphotos, oblique airphotos and GIS data.
  5. Mt. Hood - Ladd Glacier - Ground photos, vertical airphotos, oblique airphotos and GIS data.
  6. Mt. Hood - Newton-Clark Glacier - Ground photos, vertical airphotos, oblique airphotos and GIS data.
  7. Mt. Hood - White River Glacier - Ground photos, vertical airphotos, oblique airphotos and GIS data.

#### Volume 18

1. Black bear distribution patterns in a temperate forest environment, Olympic National Park. Sager, Kimberly Ann. - 2005
2. Relating wet loose snow avalanching to surficial shear strength. Trautman, Simon; Lutz, Eric; Birkeland, Karl W.; Custer, Stephen G. - 2005
3. The response of glaciers to intrinsic climate variability: observations and models of late Holocene variations. O'Neal, Michael A.; Roe, Gerald H. - 2005
4. The flow and mass wastage of Eliot Glacier, Mount Hood, Oregon. Jackson, Keith M. - 2005
5. The effect of fuel-reduction silvicultural treatments on bat activity; results from 2004. Betts, Burr J. - 2005
6. Safety behaviors of Montana licensed outfitters. Sobeck, Linda Sue. - 2006
7. Historic glacier and climate fluctuations at Mount Hood, Oregon. Lillquist, Karl; Walker, Karen. - 2006
8. Variabilities contributing to acute mountain sickness on the summit of Mt. Whitney.

- Wagner, Dale R.; Fargo, Jamison D.; Parker, Daryl; Tatsugawa, Kevin. - 2006
9. The effect of slope degradation on lichenometric dating of Little Ice Age moraines. O'Neal, Michael A. - 2006
10. *Rubus armeniacus* (Himalayan blackberry) occurrence and growth in relation to soil and light conditions in Western Oregon. Caplan, Joshua S.; Yeakley, J. Alan. - 2006
11. Spatial and morphological change of Eliot Glacier, Mount Hood, Oregon. Jackson, Keith Michael - 2007

#### Volume 19

1. Is selectively harvested forest an ecological trap for olive-sided flycatchers? Robertson, Bruce A.; Hutto, Richard L. - 2007
2. Demography and ecology of a declining endemic: the Olympic Marmot. Griffin, Suzanne Cox. - 2007
3. Female Olympic Marmots (*Marmota olympus*) reproduce in consecutive years. Griffith, Suzanne Cox; Taper, Mark L.; Mills, L. Scott. - 2007
4. Effects of tourists on behavior and demography of Olympic Marmots. Griffin, Suzanne Cox; Valois, Tanguy; Taper, Mark L.; Mills, L. Scott. - 2007
5. The case of the missing marmots: are metapopulation dynamics or range-wide declines responsible? Griffin, Suzanne Cox; Taper, Mark L.; Hoffman, Roger; Mills, R. Scott. - 2008
6. A latest Pleistocene and Holocene glacier history and paleoclimate reconstruction at Three Sisters and Broken Top volcanoes, Oregon, USA. Marcott, Shaun A.; Fountain, Andrew G.; O'Connor, Jim E.; Sniffen, Peter J.; Dethier, David P. - 2008
7. Glacier change on Oregon 1935-2007: an analysis of Mazama aerial photographs. Cannon, Charles; Leonard, Jessica L.; Fountain, Andrew G. - 2008

#### Volume 20

1. Disjunction and Pleistocene effects in the North American Pacific Northwest: Phylogeography of *Synthyris missurica* (*Plantaginaceae*). Streut, A., Webster, M., Hufford, L. - 2004
2. Oblique photogrammetric analysis of dome growth at Mount St. Helens Volcano, 2004-2007. Diefenbach, Angela K. - 2007
3. Rapid, low-cost photogrammetry to monitor volcanic eruptions: an example from Mt. St. Helens, Washington. Diefenbach, Angela K. - 2007

4. Water movement and capillary barriers in a stratified and inclined snowpack. Peitzsch, Erich, Birkland, Karl W., Hansen, Kathy J. – 2008
5. Wet slabs: what do we really know about them. Peitzsch, Erich. – 2008
6. Recent periglacial debris flows from Mount Rainier, Washington. Copeland, Elizabeth A. – 2009
7. Water movement in a stratified and inclined snowpack: implications for wet slab avalanches. Peitzsch, Erich. – 2009
8. Mountain Goat genetic structure, molecular diversity, and gene flow in the Cascade Range, Washington. Shirk, Andrew J. – 2009
9. Inferring landscape effects on gene flow: a new model selection framework. Shirk, Andrew J., Wallin, D. O., Cushman, S. A., Rice, C. G., Warheit, K. I. – 2010
10. Investigating mechanisms of edifice deflation, 1981-2007, at Mount Baker volcano, Washington, United States. Hodge, Brendan E., Crider, Juliet G. – 2010
11. Nest-site habitat selection and breeding biology of the Northern Pygmy-Owl in northwestern Oregon. Deshler, John Frederick – 2010
12. Patterns in whitebark pine regeneration and their relationships to biophysical site characteristics in southwest Montana, central Idaho, and Oregon, USA. Larson, Evan R., Kipfmüller, Kurt F. – 2010
13. Spacial distribution of two surface hoar events in the Chilkat and Takhinsha Mountains of southeast Alaska. Borish, Matthew, Birkeland, Karl W., Challenger, Stuart, Custer, Stephen – 2010
14. Landscape context and long-term tree influences shape the dynamics of forest-meadow ecotones in mountain ecosystems. Haugo, Ryan D., Halpern, Charles B., Bakker, Jonathan D. - 2011

#### Volume 21

1. H<sub>2</sub>O Contents in Olivine-Hosted Melt Inclusions From Primitive Magmas in the Northern Cascade Arc. Shaw, S – 2011
2. H<sub>2</sub>O Contents in Olivine-Hosted Melt Inclusions From Primitive Magmas in the Northern Cascade Arc. Shaw, S - 2011
3. After the flow: Landscape response to the emplacement of holocene lava flows, Central Oregon Cascades, USA. Deligne, N.I. - 2012

4. Glacier Repeat Photography Database of the American West: The Glacier-clad Volcanoes of the Cascade Range, California - Washington. Basagic, H. - 2012
5. Surface Hoar Distribution at the Scale of a Helicopter Skiing Operation. Borish, M. et. al. - 2012
6. Advances in Snowpack Weak Layer Tracking Using GPS. Borish, M. - 2010
7. Final Report - Graduate Student Grant. Johnston, J. - 2013
8. Debris flow initiation in proglacial gullies on Mount Rainier, Washington. Legg, N.T., Meigs, A. J., Grant, G. G., Kennard, P. - 2013
9. Tahoma: The Place and Its People. The Natural History of Mount Rainier National Park. Antonelis-Lapp, J. – 2013

#### Volume 22

1. Climate change impacts on the distribution and performance of plant species at Mount Rainier. Ford, K. R. - 2014
2. Characterisation of the magmatic signature in gas emissions from Turrialba Volcano, Costa Rica. Moussallam, Y., Peters, N., Ramírez, C., Oppenheimer, C., Aiuppa, A., and Giudice, G. - 2014
3. Deformation and Metasomatism of the Qomolangma Formation: A Geochemical and Microstructural Analysis of the Summit Limestone, Mount Everest, Nepal. Corthouts, T. L. - 2015
4. Glacier Change on the Three Sisters Volcanoes, Oregon: 1900-2010. Ohlschlager, Justin G. - 2015
5. Insights into the Geochemical Evolution of the Youngest Toba Tuff (Sumatra, Indonesia) Magma Chamber Through the Lens of Zircon-hosted Melt Inclusions. Lerner, A. - 2015
6. How are American Pikas Reacting to Climate Change? Obery, M. - 2016

#### Separate Reports (SR)

These are research reports that have been submitted to the Mazamas that are already bound. They are usually thesis.

1. Changing rivers and streams: the effects of anthropogenic alteration of riparian systems on *Mimulus Guttatus*. Eldred, Bret D. - 2002
2. Assessing the safety of weed biological control: A case study of the Cinnabar Moth *Tyria jacobaeae*. Fuller, Jason L. - 2003
3. Little ice age glacier fluctuations in the Cascade Range of Washington and Northern Oregon. O'Neal, Michael Aaron. - 2005

4. The microbial diversity and ecology of selected andesitic hydrothermal environments.  
Henneberger, Ruth. - 2008. (bound copy accompanied by 2 CD's)
5. Birds in nest boxes: how to help, study, and enjoy birds when snag are scarce. Corkran, Charlotte C. - 2004
6. Petrogenetic relationship of the postcaldera eruptions of Mount Mazama, Crater Lake, Oregon; evolutions of a sub-volcanic magma chamber following a large silicic eruption.  
Tebbe, Michelle Leanne - 2012
7. Status and dynamics of Whitebark Pine (*Pinus albicaulis* Engelm.) forests in Southwestern Montana, Central Idaho, and Oregon, U.S.A.  
Larson, Evan Reed - 2009
